L.G.& E.			
LOUISVILLE WATER CO.			
M.S.D.			
By signing this application the authorized personnel above is giving permission for the applicant to commence demolition of the structure at the location indicated on this application.			

1. The applicant agrees to deposit a five hundred dollar (\$500.00) certified bond, by check with the Department as surety, conditioned upon the clearing of the property of all debris resulting from the wrecking operation, the filling of any cellar, cistern, vault or other depressions with non-combustible, non-degradable, and non-putrescible materials, and the restoration of the property to its original grade. The cash bond will be returned to the applicant when the work has been completed and is in compliance with the conditions stated above. If the owner does not complete the wrecking operation, including the required clearing of the property, the applicant will forfeit the bond, unless an extension of time is granted in writing by the Director for good cause. An extension must be requested in writing three (3) days before the expiration of the 30 day wrecking period.
2. The applicant agrees that if during the wrecking of the building or structure the Director or his representative determines that the provisions of City Ordinances or the permit are not being complied with, or that proper safety precautions are not being taken, and or the there is a threat to the safety of person or property, the Director or his representative may immediately issue an order to cease and desist the wrecking operation. The order may be appealed to the Director within ten (10) days of its issuance.
3. The applicant certifies that he understands that the provisions of the City Code of Ordinances will govern his work at all times during the wrecking operation at the above location.
4. The applicant acknowledges that the issuance of a permit by the City of Jeffersontown (KY), Department of Permitting and Enforcement does not relieve the owner, operator or contractor of their responsibility to properly notify the Air Pollution Control District of the intended renovation or repair, or to adequately control emissions from friable asbestos material.

PERMIT FEE (\$25 for the 1 st 1,000 square feet plus \$10 for each additional 1,000 square feet) \$50 minimum \$
